

**It's not about
serving the clock.
It's about serving
our clients.**

The longer lawyers take, the more they make. Does that align their interest with yours? McGuireWoods has been working in Chicago for over 100 years. We understand how to create alternative fee programs that aren't based on time. Whether it be a fixed fee, success fee or some other alternative, we have learned that companies make better decisions when they know the cost up front. If your lawyers serve the clock more than your needs, we would like to discuss how we can help. Off the clock, of course.
